Background:

Hello! My name is Matthew, and I am currently a student at Western Washington University, seeking a major in political science. I have experience working in high intensity food service settings, doing everything from cooking pizza to taking orders and answering phones. I graduated from Ballard High School in 2021, and am passionate about the outdoors, conservation, hiking, skiing, backpacking, and more. I am a quick learner, who can adapt to any situation very easily. I have many skills outside of food service and customer service as well, including photography, programming, and Adobe and Microsoft software. Thanks for checking out my resume!
